### Nuovo design per le tessere di Risk Express.

Questa versione usa normali carte rettangolari (9cm\*6.5cm) come formato ed è stata modificata in modo da utilizzare normali dadi da gioco anziché i dadi speciali del gioco originale. Stampare le immagini senza scalarle. Incollare fronte e retro.

La grafica utilizzata è stata realizzata da Steve "SiskNY" Sisk. Ho apportato lievi modifiche ai colori per renderli più riconoscibili oltre che sostituire i dadi. (le sue carte originali sono scaricabili da <http://boardgamegeek.com>).

Risk Express è un gioco ideato da Reiner Knizia  
Pubblicato da Hasbro e Parker Spiele (2006)

Questa versione è stata realizzata da Jeeg (2010)
